

How can William Martin solve the challenges facing the education sector?

EDUCATION SECTOR

Who we are?

At William Martin, we create next-generation property compliance by fusing clever consultancy with cutting-edge technology, so our clients can grow.

We go beyond the usual and add value at every step. Our technology fits around you, and we get you up and running in no time. With easy configuration and insightful reports, you can track your risks in real time and gain total visibility of your supply chain. It's compliance like you've never seen it before.

Our Experience in Education

William Martin has a proud history of supporting and empowering customers in education. Having worked in this sector for over a decade, we've worked on a wide range of projects including fire safety, health and safety, water safety, disability access, asbestos safety and more.

We currently support over 50 educational organisations, which include an array of Schools, Academies, Colleges, Universities and specialist schools for languages and special needs, including:

- ✓ ALP Schools
- ✓ Bradford College
- ✓ GLT Schools
- ✓ L'Ecole de Battersea and L'Ecole des Petits
- ✓ Northumbria University
- ✓ Stockport Grammar School
- ✓ Stratford Academy School
- ✓ The SABDEN Multi Academy Trust
- ✓ The Royal Alexandra and Albert School
- ✓ West Lothian College

A few years ago, it was said there needs to be a "balance between safety and silliness" when managing safety in education. Still, senior leadership teams in schools often worry about asbestos management; legionella; fire safety and security. At William Martin we understand this, and we are here for you.
